BASIC BIDDING MADE EASY

Declarer Play at Bridge: a Quizbook, by the same author team, was named the 2013 Book of the Year by the American Bridge Teachers' Association. Building on the success of that title, this book gives the improving player a chance to practice the principles on which sound bidding is based, from the opening bid onward.

Is this book packed with all the best bidding conventions and instruction on how to apply them? Not at all! Instead, it explains the sound natural bidding methods that will allow you to play in the right suit (or notrump) at the correct level. Each of the fourteen chapters begins with three or four pages of instruction, followed by several pages of multiple-choice bidding problems, illustrating everyday situations you will face countless times at the table.

BARBARA SEAGRAM (Toronto, Canada) is one of North America's leading bridge teachers. Her *25 Bridge Conventions You Should Know* (with Marc Smith) is the bestselling bridge book of the last fifty years.

DAVID BIRD (Southampton, UK) may be the most prolific bridge author of all time, with more than 100 books published. His most recent book for MPP was *Defensive Play at Bridge: a Quizbook* (with Barbara Seagram).
