The doubler after Lebensohl.....	115
In the balancing position.....	121
After a second-seat preempt.....	130

CHAPTER 6	LEBENSÖHL – PART I	134
	Against natural 1NT overcalls	134
	Defending a double	135
	Defending a suit overcall	139
	After 2♣	141
	After 2♦	142
	After 2♥	153
	After 2♠	161
CHAPTER 7	LEBENSÖHL – PART II	169
	Against one known and one unknown suit	169
	After double	170
	After 2♣	171
	2♦ as diamonds and one unknown	182
	2♥ as hearts and a minor	188
	2♠ as spades and a minor	194
CHAPTER 8	LEBENSÖHL – PART III	200
	Against two known suits	200
	After 2♣ or 2♦	202
	After 2♥	209
	After 2NT	213
	1NT Overall conventions	218
BIBLIOGRAPHY	221
INDEX	225

Improving your partnership's ability to overcome interference is essential for good results. Finding the right contract requires a clear understanding of the values represented by responder's bids after the opponents interfere. *Duplicate Bridge 403: Defending Second-Seat Interference* provides the reader with two sets of tools for this:

1. Hand valuation in competition using an algorithm developed by Lawrence and Wirgren. This method of hand evaluation provides the reader with a competitive advantage relative to older methods of estimating trick count.
2. A comprehensive set of bidding structures is provided for defending against bids made in the second seat. Where possible, alternatives are detailed giving partnerships a choice that fits their individual style.

Quizzes follow each section, allowing the reader to test their understanding.

This text is designed to improve your partnership understandings in competition. Given the frequency with which opponents interfere in today's game, a small improvement can quickly lead you to stronger results.

STEPHEN PAUL (CALGARY) is an avid club player and long time student. He is a firm believer that lasting success requires great teamwork, well defined partnership agreements, and the support of understanding friends and family. His previous books for Master Point Press include *Constructive Bidding 401* and *Constructive Bidding 402*.
