INTERMEDIATE

The **Bridge Technique Series** is designed to take the reader through the most important aspects of card-play technique at bridge. Each book of the series focuses on a different topic, and wherever possible the tactics and strategy are considered from the point of view of both declarer and defenders.

ELIMINATIONS & THROW-INS

Eliminations and throw-ins constitute one of the fundamental weapons in declarer's armory. This book begins with basic types of the elimination play, and moves on to more complex topics such as loser-on-loser plays and partial eliminations. It also addresses how to anticipate and avoid throw-ins from the point of view of the defenders .

DAVID BIRD has written more than forty previous books, including the well-known 'St Titus Abbey' series, and several co-authored with Terence Reese. He writes two newspaper columns in the UK, and his work appears regularly in numerous bridge magazines in the UK and the US.

MARC SMITH's previous books include *Countdown to Winning Bridge* (1999, with Tim Bourke) and *25 Bridge Conventions You Should Know* (1999 American Bridge Teachers Association Book of the Year, with Barbara Seagram). He is a regular contributor to a number of bridge magazines.
