

AN HONORS eBOOK FROM MASTER POINT PRESS

Richard Granville
and David Burn

The MOSSO Bidding System

This is the first of two volumes relating to the MOSSO bidding system. This volume contains a full definition of MOSSO in the form of bidding tables and supporting text. The second, entitled “MOSSO: Example Auctions and Quizzes” [2], provides additional guidance.

The quiz questions in volume 2 allow readers to test their knowledge of the system, with the answer sections providing useful examples of many MOSSO bids. The example auctions are all complete and serve to illustrate how the bidding can develop beyond the initial sequences shown in the tables. It is therefore recommended that newcomers to MOSSO read the two volumes concurrently.

Contents of this book (MOSSO volume 1)

Foreword by Barry Rigal	3
Chapter 1 Introduction	4
Chapter 2 Getting started: Meno MOSSO.....	17
Chapter 3 Opening bids in MOSSO	27
Chapter 4 Some principles and features of MOSSO	32
Chapter 5 The 1♣ opening and its responses	40
Chapter 6 Developments after the negative 1♦ response to 1♣.....	43
Chapter 7 Developments after a 1♥ or 1♠ response to 1♣.....	58
Chapter 8 Developments after a 1NT response to 1♣.....	74

Contents of the companion book (MOSSO volume 2)

Chapter 1	Introduction
Chapter 2	Quiz questions on standard MOSSO
Chapter 3	Example auctions for standard MOSSO
Chapter 4	Answers to quizzes on standard MOSSO
Chapter 5	Quiz questions on Più MOSSO
Chapter 6	Example auctions for Più MOSSO
Chapter 7	Answers to quizzes on Più MOSSO

THREE BIDDING SYSTEMS COMBINED INTO ONE

For the last three years, Richard Granville and David Burn have been developing MOSSO, a new bidding system derived from Two-over-One, Fantunes and Polish Club. MOSSO brings together the best features of its parent systems, while providing an effective interface between them. The system has been the subject of enthusiastic discussion on the popular website bridgewinners.com. This is the first volume of a two-book series and describes the full system in detail. The second volume contains example auctions and quizzes.

RICHARD GRANVILLE (UK) has represented the UK at both Bridge and Go. A software engineer by trade, he now works as part-time bridge writer on the No Fear Bridge website, to which he has contributed more than 2000 declarer and defense problems.

DAVID BURN (UK) is an internationally-known player and writer. He is usually to be found at major championships as the Coach of the England team.
