# GENERAL INTEREST

David Bird's witty stories about the bridge-playing monks of St. Titus and their obnoxious Abbot have formed the basis of six previous collections, and appear regularly in bridge magazines throughout North America and the UK. This seventh book in the canon is presented in a new quiz format, so that you can try to solve the bridge problems before the monks encounter them. At the end of the book, an annotated Answers section allows you to rate your own game.

**DAVID BIRD** has written more than forty previous books, including the new *Bridge Technique* series (with Marc Smith). He conducts two regular newspaper columns in the UK, and his work appears in numerous bridge magazines in the UK and the US.

**TIM BOURKE's** previous books include *Countdown to Winning Bridge* (with Marc Smith) and *Bridge the Silver Way* (with David Silver). He is a world-renowned collector of interesting bridge hands, and lives in Canberra, Australia.
